SUBMISSION OF ANNUAL AUDIT REPORT 2022-23

In line with **Article 25 (5)** of the Constitution of the Kingdom of Bhutan and **Section 111** of the Audit Act of Bhutan 2018, the Royal Audit Authority (RAA) is pleased to release its Annual Audit Report (AAR) 2022-23. The AAR is a consolidated summary of audit findings from 456 audit reports and one performance audit report issued from 01st July 2022 to 30th June 2023.

The AAR covers audit reports issued during the last Financial Year thereby aligning with the period covered in the Annual Financial Statement (AFS) of the Royal Government of Bhutan (RGoB).

The AAR is issued in two volumes. Volume-I contains audited Annual Financial Statements of the Royal Government of Bhutan, summary of significant audit findings and performance audit report issued during the period. The Volume-II of the AAR contains the status of total irregularities of audit reports issued between 01st July 2022 and 30th June 2023.

The AAR also highlights milestones and achievements of the RAA during the period, challenges faced in achieving the mandates, audit impacts and the auditor's report on the accounts and operations of the RAA for the year ended 30th June 2023. It is submitted as part of ensuring accountability of RAA for resources used in delivering audit mandates and strengthening its organisational systems and human resources.

1. EXECUTIVE SUMMARY

The Annual Audit Report 2022-23 contains audited Annual Financial Statements (AFS) of the Royal Government of Bhutan (RGoB) and analysis of audit findings issued during the period. It also contains the performance of RAA for the FY 2022-23. The summary of audit findings reported are from 456 financial and compliance audit reports and one performance audit report issued between 1st July 2022 and 30th June 2023.

The approved budget of the Royal Government of Bhutan of the FY 2022-2023 was Nu. 74,807.887 million which was revised to Nu. 79,360.850 million. The sources of revised government budget comprised of 41.84% from domestic revenue, 26.32% from grants, 24.49% from borrowings, and 0.02% from other receipts. The RGoB borrowed Nu. 66,367.393 million through T-bills and Nu. 3,603.620 million through bonds besides redeeming of Nu. 75,363.898 million during the year. The debt stock was reduced by Nu. 6,496.505 million in the liability of T-bills leaving a balance of Nu. 9,050.000 million as on 30th June 2023. The RGoB also raised Nu. 8,727.508 million from external borrowings including Nu. 7,965.412 million in cash and Nu. 726.096 million in kind. Total grants received during the year amounted to Nu. 14,363.319 million comprising of Nu. 14,093.105 million in cash and Nu. 270.215 million in kind.

The total irregularities for the period amounted to Nu. 2,840.093 million of which 56.12% pertained to non-budgetary agencies¹ and 43.88% pertained to budgetary agencies². The irregularities for budgetary and non-budgetary agencies for Fraud and Corruption; Non-compliance to Laws, Rules & Regulations; and Shortfall, Lapses and Deficiencies are indicated in **Figure 1**.

¹ Non-budgetary agencies include Corporations and Financial Institutions, State Owned Enterprises, Non –Governmental Organisation, Civil Society Organisations, and Hydropower projects.

² Budgetary agencies are government organisations including Ministries and Agencies for which annual budgets are included in the appropriation bill and appropriations are made by the National Assembly.

During the period, Nu. 202.458 million was recovered as audit recoveries from both the budgetary (Nu. 190.264 million) and non-budgetary (Nu. 12.194 million) agencies. An additional amount of Nu. 3.211 million was recovered and deposited directly with the DPA.

While irregularities in general have significantly reduced during the year despite increase in the number of audits conducted, the total audit recoveries for the year amounted to Nu. 205.699 million remains highest so far.

The type of irregularities observed during the period showed that there were instances of **Fraud and Corruption** amounting to Nu. 39.605 million of which Ministry of Information and Communication accounted for Nu. 12.718 million (32.11%) and Dzongkhag Administration, Dagana accounted for Nu. 9.213 million (23.25%). Irregularities under **Non-compliance to Laws, Rules and Regulations** amounted to Nu. 2,244.804 million of which Punatshangchu Hydroelectric Project -II accounted for 39.47% and Phuentsholing Township Development Project accounted for 21.35%. Irregularities under **Shortfall, Lapses and Deficiencies** amounted to Nu. 555.683 million of which Druk Holding and Investments accounted for 26.25% and Punatshangchu Hydroelectric Project-II accounted for 24.11%.

The efficiency and effectiveness of control mechanisms are dependent on the monitoring and supervision of the activities that take place within the agencies. Most irregularities point towards lack of accountability and ownership of implementing agencies and officials towards the activities resulting in financial implications to the government. Additionally, implementing agencies do not take actions, as recommended in individual audit reports, to ensure that irregularities pointed out by the RAA are properly treated, officials responsible are sanctioned, and a proper system is put in place to curb the repetition of such irregularities in the future. The RAA also noted that despite issues getting settled in court and verdicts passed, the responsible agencies fail or delay in their actions to enforce the court verdict resulting in piling up of pending issues.

The RAA has provided seven recommendations to improve accountability, governance and public finance management in the country. The RAA believes that, if all agencies collectively prioritize to resolve audit issues, act on the recommendations provided and hold officials accountable for their actions, His Majesty's vision of Bhutan being a 'corruption-free' and 'zero-incidences of noncompliance' can be realized.

The RAA is pleased to note that the number of irregularities have started declining despite increase in number of audits conducted and this in itself is a positive step towards achieving His Majesty's Vision.

2. ANNUAL FINANCIAL STATEMENT OF THE ROYAL GOVERNMENT OF RHIITAN

The RAA audited the Annual Financial Statements (AFS) of the Royal Government of Bhutan for the FY 2022-23 as required by the Audit Act of Bhutan 2018 and the Public Finance Act of Bhutan 2007 (Amendment 2012). The audit was conducted in accordance with the International Standards of Supreme Audit Institutions (ISSAIs).

The approved budget of the RGoB for the FY 2022-23 was Nu. 74,807.887 million which was revised to Nu. 79,360.850 million. The sources of revised government budget comprised of 41.84% from domestic revenue, 26.32% from grants, 24.49% from borrowings, and 0.02% from other receipts. The RGoB borrowed Nu. 66,367.393 million through T-bills and Nu. 3,603.620 million through bonds besides redeeming of Nu. 75,363.898 million during the year. The debt stock was reduced by Nu. 6,496.505 million in the liability of T-bills leaving a balance of Nu. 9,050.000 million as on 30th June 2023. The RGoB also raised Nu. 6,103.620 million from bonds besides external borrowings of Nu. 8,727.508 million Total grants received during the year amounted to Nu. 14,363.319 million comprising of Nu. 14,093.105 million in cash and Nu. 270.215 million in kind.

The total expenditure recorded for the year amounted to Nu. 71,690.977 million resulting into overall underutilization of the revised budget by 9.66%. During the period, there was under-absorption of capital budget by 23.50%.

The Auditor General's report on the AFS and audited financial statements are reproduced herewith.

AUDITOR GENERAL'S REPORT ON THE ANNUAL FINANCIAL STATEMENTS OF THE ROYAL GOVERNMENT OF BHUTAN FOR THE FY ENDED $30^{\rm th}$ JUNE

ROYAL AUDIT AUTHORITY

Reporting on Economy, Efficiency & Effectiveness in the use of Public Resources

Opinion

The Royal Audit Authority (RAA) audited the accompanying Annual Financial Statements of the Royal Government of Bhutan (RGoB) for the financial year ended 30th June 2023 and summary of explanatory information, which comprise:

- Statement of Cash Receipts and Payments for the Year ended 30th June 2023;
- ii. Statement of Comparison of Budget & Actual amounts for the Year ended 30th June 2023;
- iii. Notes to the Financial Statements; and
- iv. Significant Accounting Policies

In RAA's opinion, the accompanying Financial Statements including the Notes to Accounts and Significant Accounting Policies have been prepared, in all material respects, in accordance with the Cash Basis International Public Sector Accounting Standards (IPSAS).

Basis for Opinion

The RAA conducted its audit in accordance with International Standards of Supreme Audit Institutions (ISSAIs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Ministry of Finance, and we have fulfilled our responsibilities in accordance with the requirements outlined in RAA's Oath of Good Conduct, Ethics and Secrecy of Auditors. We believe that the audit evidence obtained is sufficient and appropriate to provide a basis for our opinion.

Other Matter

As per the information made available by the MoF, there are 633 Letter of Credit (LC) and Project Letter of Project (PLC) Accounts during the period under review. Of the total, the RAA audited 59.7% of the total accounts (280 LC and 98 PLC accounts) for the Financial Year ended 30th June 2023. For the remaining Accounts, the RAA verified the year-ended accounts generated from the *e*-PEMS and relied on the controls instituted by the MoF.

Responsibility of the Ministry of Finance for the Financial Statements

The Ministry of Finance (MoF) is responsible for preparation of the annual financial statements in accordance with the Cash Basis International Public Sector Accounting Standards and for such internal control as MoF determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for overseeing the Government's financial reporting process.

RAA's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Annual Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISSAIs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether
 due to fraud or error, design and perform audit procedures responsive to those risks, and
 obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The
 risk of not detecting a material misstatement resulting from fraud is higher than for one
 resulting from error, as fraud may involve collusion, forgery, intentional omission,
 misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the MoF's internal control.

We communicate with the management, among others, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.

SUMMARY OF AUDIT FINDINGS

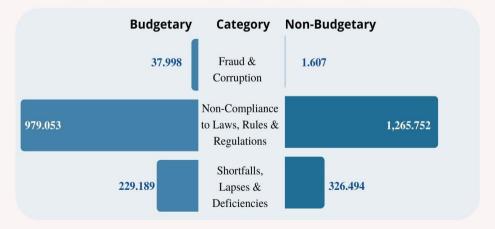

Irregularities by Type (Nu. in million)

Irregularities by Percentage

Budgetary and Non-Budgetary Irregularities (Nu. in million)

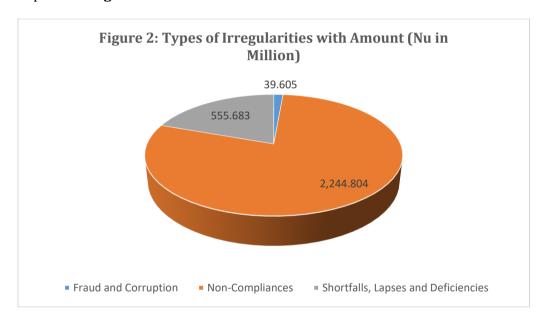

3. SUMMARY OF AUDIT FINDINGS

During the FY 2022-23, the RAA issued 456 audit reports of which 17 were issued with qualified opinion³ and 439 were issued with unqualified opinion. Of the total audit reports issued, the Annual Audit Report 2022-23 was compiled from 379 audit reports which contained audit findings. The summary and analysis are inclusive of all audit findings issued during the period.

The financial implication of the audit findings observed during the period amounted to Nu. 2,840.092 million of which Nu. 39.604 million was categorized under 'Fraud and Corruption', Nu. 2,244.804 million under 'Non-compliances to Laws and Rules & Regulations', and Nu. 555.683 million under 'Shortfalls, Lapses and Deficiencies', representing 1.39%, 79.04% and 19.56% respectively as depicted in **Figure 2**.

The cases which require actions from the auditees are spelled out in the individual audit reports identifying accountable officials for treatment of issues, sanctions and initiating corrective actions. During the period, the RAA forwarded nine audit reports containing 52 auditing findings to the Anti-Corruption Commission (ACC) for further investigation. The RAA pursues the implementation of audit recommendations through a regular follow up process and actions are sought from agencies in accordance with the Audit Act of Bhutan 2018.

The summary of significant audit findings is an analysis of the causes of the irregularities to help agencies and authorities in initiating corrective and preventive actions besides restitution of the loss sustained by the government.

³ Qualified opinion: Report issued by the auditor when after getting sufficient audit evidence, is of the view that misstatements are material but not pervasive.

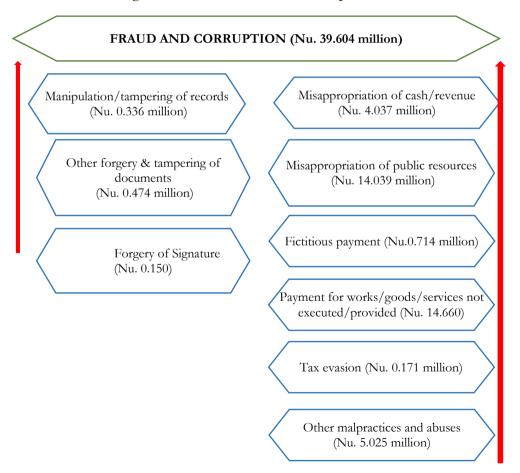

The summary of significant audit findings is an analysis of the causes of the irregularities to help agencies and authorities in initiating corrective and preventive actions besides restitution of the loss sustained by the government. The significant audit findings are reported under three broad categories: **Fraud and Corruption, Non-compliance to Laws and Rules & Regulation** and **Shortfall, Lapses and Deficiencies.**

3.1. FRAUD AND CORRUPTION

From the total irregularities of Nu. 2,840.092 million during FY 2022-23, fraud and corruption accounted for 1.39% aggregating to Nu. 39.604 million. These cases were perpetrated with willful intent of deriving undue benefits, monetary or otherwise which had prima facie evidence of fraud or deceptions. The cases requiring further investigations were forwarded to the ACC. The overview of fraud and corruption cases reported for the period is shown in **Figure 3**.

Figure 3: Overview of Fraud and Corruption

3.1.1. Cases of Fraud and Corruption

The cases of fraud and corruption reported for the period are:

- 1. The Ministry of Information and Communication (MoIC) had a case of irregular award of operation and maintenance works of EV charging machines and supply of spare parts amounting to Nu. 13.970 million. The Procurement Officer, Sonam Dorji, had falsely portrayed the open procurement process through falsified tender IDs and use of cancelled tender IDs of other agencies for award of the work to M/s S.P.D Enterprise, Thimphu. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.1)
- 2. The MoIC had made a fictitious payment of Nu. 0.785 million for the maintenance of EV charging machines. The RAA found that these payments were approved based on applications from M/s S.P.D Enterprise, Thimphu, without proper verification of maintenance works carried out. Further, crucial records like a History Book/Log Book or Register were missing. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.2)
- 3. The MoIC had made payment amounting to Nu. 0.600 million for a fictitious claim submitted by M/s. S.P.D Enterprise, Thimphu, for the replacement of spare parts of EV charging machine at Chuzom carried out by M/s Thunder Motors, Thimphu. Such unethical practices/manipulation of the documents had occurred due to collusion among the Procurement Officer, Dy. Chief Finance Officer and the enterprise. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.3)
- 4. The MoIC had a case of double payment of Nu. 1.682 million to M/s. S.P.D Enterprise for the maintenance of EV Charging Station. Although the bills were submitted to the Cabinet Secretariat for payment, the Ministry had also approved and made the payment resulting in double payment. The lapses had occurred apparently due to collusion among the dealing officials and the supplier. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.4)
- 5. The MoIC had made double payment of Nu. 0.825 million to M/s. S.P.D Enterprise for operational charges of EV charging machines. The double payment occurred due to payment made for claims already settled in previous FY and enhanced payments made for the claims. Although Nu. 0.825 million was recovered and deposited in ARA, legal action against the individuals is yet to be taken. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.5)
- 6. The MoIC made a payment of Nu. 0.200 million to M/s. S.P.D Enterprise towards the installation charges of EV charging machine at Memorial Chorten.

The RAA found that the work was actually carried out by Thunder Motors Private Limited for which the claims were settled separately. Although the amount of Nu. 0.200 million was recovered and deposited into ARA, the legal action against the individuals/parties is yet to be taken. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.6)

- 7. The MoIC had made a double payment of Nu. 0.510 million to M/s. S.P.D Enterprise, Thimphu for a 5 KVA UPS and Battery in the FY 2020-21. The RAA found that the payment for the supplies were already made in FY 2019-2020 through the RSTA LC account. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.7)
- 8. The MoIC had made a double payment of Nu. 0.608 million to M/s S.P.D Enterprise on account of the supply of office equipment vis-à-vis missing equipment. The double payment had occurred as the payment was made by both DoS, MoIC and DoIM, MoIC though the office equipment was supplied to DoIM, MoIC only. The supplied MacBook Pros differed from the specified i7 model. Further, Sonam Dorji, Procurement Officer, did not return a Nu. 0.024 million worth of printers upon resignation. The recovered double payment was deposited in ARA. However, the ministry was advised to recover the MacBook Pros' cost difference from M/s. SPD Enterprise, collect Nu. 0.024 million from Sonam Dorji, and take legal action against the parties involved as per the laws of the land. (AIN: SCID2022-477; Obs. No. 1.8)
- 9. The MoIC had made an irregular award to M/s. S.P.D Enterprise for the installation of CCTV across 15 EV charging stations. The RAA noted numerous inconsistencies in the award of the contract and payment providing grounds for suspecting collusions and foul play. It was also noted that the payment was released even before the award of the contract. Further, the Ministry had also made payment of Nu. 0.998 million without actually executing/providing the items. The RAA had questioned the whole process of tendering and recommended the Ministry to recover the value of items not supplied and confirm the legitimacy of the contract besides taking appropriate actions on individuals. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 1.9)
- 10. The MoIC had made an excess payment of Nu. 4.782 million to M/s. Jigme Dorji Construction Pvt. Ltd, Thimphu in the procurement of transformer and substation equipment. The RAA noted errors in quantifying the items in the works executed. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 2.1)
- 11. The MoIC had a case of forgery and tampering of documents in the contract of Construction of Electrical Car Charging Stations and related works. The RAA noted discrepancies in the records maintained in hard copy and e-GP and inconsistencies in evaluation leading to rejection of the lowest bidder. The case

has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 2.3)

- 12. The MoIC had made excess payment of Nu. 0.788 million to M/s Jigme Dorji Construction Pvt. Ltd, Thimphu. The excess payment had occurred due to erroneous billing for 11 kV route markers in Punakha and additional civil works on GI chain link mesh fences and gates in Chukha Dzongkhag. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 2.4)
- 13. The MoIC had made a payment of Nu. 2.800 million to M/s Link Unify on account of renewal of FortiGate Firewall licenses for four RSTA regional offices during FY 2019-2021. There were no documents to support the expenditure incurred for renewal. Further, the RAA noted that the RSTA regional offices were connected to Thromde WAN since 2018 and there was no requirement for renewal of the FortiGate Firewall license. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 3)
- 14. The MoIC had made payment of Nu. 2.326 million to M/s G Y Venture, Thimphu for the supply of Video Conferencing equipment. The RAA noted that the Ministry had used the cancelled Tender ID of different agency to process procurement through e-GP which indicated manipulation. Further, MCore Mini PC (OPS) worth Nu. 0.150 million was found non-functional during joint verification. The case has been forwarded to the ACC for investigation. (AIN: SCID-2022-477; Obs. No. 5)
- 15. The Thromde Administration, Thimphu had a case of misuse of cash revenue totaling to Nu. 7.991⁴ million. The RAA noted that the cash revenue collected through both system and manual collections did not match with the deposit slips from FY 2018-19 to April 2022. The Thromde Administration was recommended to recover the shortages besides taking actions on the officials involved. The case has been forwarded to the ACC for investigation. (AIN: PAD-2022-299; Obs. No. 6i)
- 16. The Thromde Administration, Phuentsholing had made payment of Nu. 0.156 million to M/s Yanki Enterprise for hiring of vehicles for transportation of waste from old to new landfill. The RAA confirmed that the bills claimed were for earth-moving machineries which cannot be used for transportation of waste. Hence, the payment made was not admissible. The RAA advised for the recovery of the amount and initiate administrative action against the official responsible. (AIN: OAAGPL-2023-248; Obs. No. 13.2)

⁴ The amount involved in Performance Audit is not included in the data for total irregularities or the data for fraud and corruption.

- 17. The Gewog Administration, Gomdar, Samdrupjongkhar had a case of non-remittance of rural household insurance premiums amounting to Nu. 0.032 million. The issue surfaced during the processing of insurance claims after the disaster occurred due to a windstorm on 31st March 2019. The RAA found that the former Gaydrung had failed to remit the premiums. The RAA advised the Gewog to recover the amount besides initiating legal action against the Gaydrung for depriving the house owners of insurance benefits. (AIN: OAAGSJ-2022-511; Obs. No. 44)

Ugyen Tshenden Construction Pvt. Ltd. The JDWNRH was recommended to recover liquidated damages and deposit into ARA. (AIN: SCID-2023-92; Obs. No. 4.3)
- 57. The BDBL had pending receivables aggregating to Nu. 0.218 million on account of renovation of Doksum GFO office. The total cost of renovation work was Nu. 0.252 million of which only Nu. 0.034 million was recovered/adjusted. The adjustment was agreed at the rate of Nu. 2000.00 per month to be adjusted from the payment of monthly rental charges to the house owner. The RAA had observed that the deduction had not been made since November 2018. (AIN: COAD-2022-315; Obs. No. 6.i)

C. Non-compliance to Human Resource Management Norms

The significant cases of non-compliance to Human Resource Management norms are summarised below:

1. The Food Corporation of Bhutan Ltd., Phuentsholing had a case of short-deduction of financial obligation amounting to Nu. 0.782 million incurred for training of one of its employees on his resignation. The RAA noted that the HRC of the Corporation had reduced the financial obligations on resignation of the employee thereby overriding the company's Service Rules and Regulations resulting in short collection. The RAA recommended the Corporation to recover the balance obligation amount besides ensuring that the decisions of the HRC complies with the Service Rules and Regulations of the Corporation. (AIN: OAAGPL-2022-412; Obs. No. 1)

- 2. The Dungsam Cement Corporation Ltd. Nganglam, Pemagatshel had a case of inadmissible grant of increment amounting to Nu. 0.209 million. The RAA noted that the Corporation had granted three increments for five employees which was in deviation to its Service Rules. The DCCL was recommended to regularize the payments through approval of the Board besides ensuring compliance with Service Rules in future. (AIN: OAAGSJ-2023-11; Obs. No. 14)
- 3. The Druk Holding and Investments had cases of non-compliance to the requirement of acquiring audit clearances for employees for promotion and contract extension. The RAA noted that the DHI had approved promotion of two officials and contract extension granted to one official without obtaining Audit Clearance as required. Another instance was noted where the employee had obtained Audit Clearance after promotion defeating the purpose of the clearance. (AIN: COAD-2022-275; Obs. No. 4)
- 4. The Druk Air Corporation Ltd. had released post-retirement benefits to employees without obtaining the audit clearance certificate. The RAA noted that five officials of the Corporation were provided with post-retirement benefits without audit clearance in violation to the DACL Service Manual and notification issued by the RAA. (AIN: COAD-2022-420; Obs. No. 1)

D. Non-compliance to other policies, laws, regulations

The significant cases of non-compliance to other policies, laws, regulations are summarised below:

- 1. The RRCO, Phuentsholing had a case of non-declaration of income by the hoteliers amounting to Nu. 8.912 million for the income year 2020 and 2021. The RAA noted that the hoteliers had not declared their income received from quarantine resulting in under declaration of income. (AIN: OAAGPL-2022-479; Obs. No. 3.1)
- 2. The DFO, Samtse had a case of sub-contracting of works for Surface Collection of sand/boulders and river dredging work along Purbay River under Tading Geowg, Samtse. The work initially contracted to NRDCL was sub-contracted to two private firms in contravention to the Forest and Nature Conservation Rules and Regulations. The RAA noted that due to illegal sub-contracting, the whole quantity of RBM dredged and exported by the private firms was liable for fines and penalties amounting to Nu. 43.020 million. (AIN: OAAGPL-2022-518; Obs. No. 1)
- 3. The Dzongkhag Administration, Zhemgang had not implemented Costsharing Mechanism for RNR sectors resulting in financial burden amounting to Nu. 2.297 million to the government. The RAA noted that the Dzongkhag

- Administration had provided 100% subsidy to farmers and cooperative groups as against the norms. (AIN: OAAGB-2022-408; Obs. No. 16)
- 4. The Dzongkhag Administration, Trashigang had not imposed fines, penalties and royalties amounting to Nu. 1.798 million in the extraction of GSB materials. The lapses occurred due to lack of coordination between the DFO and Dzongkhag Administration regarding the permits obtained and the actual extraction of GSB materials. The RAA recommended for verification of the actual quantities extracted and used besides recovering the leviable royalty, fines and penalties. (AIN: OAAGSI-2022-523; Obs. No. 2)
- 5. The Kholongchhu Hydro Energy Limited, Trashiyangtse had made irregular payment of Price Adjustment amounting to Nu. 1.351 million. This was in contravention to the notification issued by MOF regarding calculation of price adjustment. The KHEL was recommended to provide written approval for the payment of the price adjustment failing which, the project was recommended to recover the amount. (AIN: OAAGSJ-2023-165; Obs. No. 6)
- 6. The Dzongkhag Administration, Pemagatshel had not imposed fines, penalties and royalty amounting to Nu. 7.256 million for use of GSB materials. The RAA noted that the quantities for which permits were obtained and the actual quantities of extraction and usage did not match resulting in the revenue loss to the government. The RAA recommended for verification of the actual quantities of GSB materials extracted and used besides recovering the applicable royalty, fines and penalties. (OAAGSJ-2022-531; Obs. No. 1.4)
- 7. The Dzongkhag Administration, Wangduephodrang had not collected royalty amounting to Nu. 7.514 million for the extraction of GSB materials used for different construction projects. The RAA noted that the differences in permits obtained for extraction of the GSB materials and actual extraction and use varied indicating lack of information sharing and coordination between DFO and the Dzongkhag. The RAA recommended for verification of the actual quantities of GSB materials extracted and used besides recovering the applicable royalty, fines and penalties. (AIN: OAAGTS-2022-473; Obs. No. 1)
- 8. The Dzongkhag Administration, Paro had a case of leasing state land to Paro Football Club by Woochu Lower Secondary School (WLSS). The RAA noted that the school had leased the land for 30 years. The leasing of state land by government agencies is restricted as per the Land Lease Rules and Regulations 2018 and the circular from the National Land Commission Secretariat. (AIN: GGD-2022-460; Obs. No. 4)
- 9. The Dzongkhag Administration, Paro had used Granular Sub-base (GSB) materials without obtaining permits for the construction and maintenance of farm roads in six Gewogs. Shaba, Tsento, Naja, Wangchang, Dopshari, and

- Lamgong. This had resulted in short collection of royalties and fines amounting to Nu. 3.224 million. (AIN: GGD-2022-460; Obs. No.10)
- 10. The State Trading Corporation of Bhutan Limited (STCBL) had a case of unsettled Credit Sales of fuel worth Nu. 0.425 million receivable from Ramtokto Fuel Outlet against the customer No. CUS023944. Credit sales of fuel was in contravention to the company's existing practices and policy on credit sales. STCBL was asked to look into the circumstances under which credit was approved besides making concerted effort to recover the amount along with applicable interest and furnish appropriate reports. (AIN: COAD-2022-293; Obs. No. 4)

3.2.2. Agencies with Cases of Non-Compliance to Laws, Rules and Regulations

Table 2. Top ten agencies with cases of non-compliance to laws, rules & regulations with corresponding amount:

Sl. No.	Name of the Agency	Amount (Nu. Million)
1	Punatshangchu Hydroelectric Project (PHEP)-II	885.02
2	Phuntsholing Township Development Project	478.82
3	Mangdechhu Hydroelectric Project Authority	327.24
4	Department of Air Transport Authority, MoIC	127.58
5	Secondary Towns Urban Development project (STUDP)	45.33
6	Dzongkhag Administration, Trongsa	37.52
7	Dzongkhag Administration, Trashigang	32.32
8	Department of Agriculture	30.88
9	Dzongkhag Administration, Samtse	30.83
10	Dzongkhag Administration, Paro	26.26

3.3. SHORTFALL, LAPSES AND DEFICIENCIES

The cases of 'shortfall, lapses and deficiencies' accounted for 19.57% of the total irregularities aggregating to Nu. 555.683 million. The issues of Shortfall, Lapses and Deficiencies were reported based on the materiality having potential to undermine the economic and efficient functioning of agencies.

3.3.1. Significant Cases of Shortfall, Lapses and Deficiencies

The significant cases of shortfall, lapses and deficiencies are summarised below:

- 1. The Dzongkhag Administration, Paro had not collected revenue of Nu. 1.697 million on account of parking fees from M/s. Lhaki Enterprise, Thimphu. The RAA noted that the revenues pertaining to previous years were not deposited with the Dzongkhag as per the deposit schedule agreed in the contract. (AIN: GGD-2022-460; Obs. No. 15)
- 2. The PHEP-II had made an inadmissible payment of Nu. 36.995 million to M/s JAL by granting 25% overhead and profit on 80% of FMI's cost for drilling and installing rock bolts. The RAA found the previously declined proposal of M/s JAL, requesting 25% overhead and profit on 80% of FMI's cost, was subsequently endorsed due to the inclusion of free lodging and local conveyance. (AIN: RTICD-2023-49; Obs. No. 7.1)
- 3. The PHEP-II had made an excess payment of Nu. 40.323 million to M/s. JAL due to non-deployment of the minimum required manpower of 12 personnel for supervision, as per work orders. The RAA found that the payment calculation was based on 12 personnel rates though the actual deployment ranged from 2 to 8 between November 2017 and November 2022, resulting in excess payment. (AIN: RTICD-2023-49; Obs. No. 7.2)
- 4. The PHEP-II had made an excess payment of Nu. 46.861 million to M/s. JAL due to flaws in the 2nd rate analysis. This stemmed from a double-rate analysis for rock bolting, with machinery charges inflated by 210%, reaching Nu. 2244.695 in second-rate analysis from Nu. 723.57 in the first-rate analysis. The flawed analysis applied the same coefficient for L2D Boomer and Tata Tripper, without considering their distinct roles. Further, M/s. JAL's inclusion of work supervisors increased machine charges, despite payment made to Freyssinet Menard India for supervising M/s. JAL's work. (AIN: RTICD-2023-49; Obs. No. 7.3)
- 5. The PHEP-II had made an excess payment of Nu. 1.496 million to M/s. JAL due to Freyssinet Menard India (FMI) methodology misinterpretation in first-rate analysis. M/s JAL's inclusion of supervisors in rate analysis increased machinery charges though the FMI was paid for providing supervision for the

rock bolting works carried out by M/s. JAL. (AIN: RTICD-2023-49; Obs. No. 7.4)

- 6. The PHEP-I and PHEP-II had made a payment of Nu. 7.790 million on account of cost of eight staff deployed at Hon'ble Minister's Office, MoEA (3 from PHEP-I and 5 employees from PHEP-II). The staff deployed included two Lower Desk Clerks, two Peons, one Environment Officer, One Gardener cum Sweeper, and one Driver. The job description of the staff as received from the stated employees showed overlapping services and excess employees. The services of these staffs were mostly clerical and included serving tea as a common activity. The need for such number of staffs was not defined and were beyond the project's scope besides entailing additional cost to the projects. The deployment was not supported by any project-related documents. Further, two Engineers from MoEA received an honorarium for providing technical services to PHEP-I & II, raising concerns about its appropriateness and potential influence on project decisions. (AIN: RTICD-2023-49; Obs. No. 12)
- 7. The Dzongkhag Administration, Gasa had made a wasteful expenditure of Nu. 2.268 million in the work of Clearing of Jungle at the Wophu Settlement site and Chubisa Kidu Land. The RAA found that the trees felled over a year ago were left un-extracted, leading to decay and deterioration. (AIN: GGD-2022-461; Obs. No. 8 & 9)
- 8. The DSE, MoE had made extra payments of Nu. 4.644 million on account of scholarship and tuition fees to private schools. The RAA found that MoE had made double remittance of scholarship fees to Kuendrup High School and excess tuition fees to 10 private schools pertaining to unreported student dropout cases. (AIN: SCID-2022-271: Obs. No. 1.1 & 1.2)
- 9. The Dzongkhag Administration, Samtse had not maintained appropriate documentation to support re-deposit of unspent Deposit Work balances amounting to Nu. 29.003 million. In absence of documentation, the RAA could not authenticate the actual unspent balance against different Deposit Work Accounts. The RAA recommended the Dzongkhag Administration to trace the details of the unspent balances and carry out reconciliation. (AIN: OAAGPL-2022-391: Obs. No. 1.2)
- 10. The Dzongkhag Administration, Samtse had not maintained appropriate records for consumption of MS Steel amounting to Nu. 2.243 million in the Construction of 200-bedded Quarantine Facility at DamDhum, Samtse. The RAA could not verify the consumption details in the absence of drawings and stock register and thus, the usage of the item could not be authenticated. (AIN: OAAGPL-2022-391; Obs. No. 10.2)
- 11. The Tala Hydro Power Plant had a case of underutilization of properties worth Nu. 11.907 million. The RAA noted that the THPP had capitalized two buildings

- in 2006 and used until 2018 after which the properties were vacated due to damages. The management was recommended to take appropriate actions to ensure that the revenue generating assets are revamped and utilized. (AIN: OAAGPL-2022-451; Obs. No. 1)
- 12. The Dzongkhag Administration, Haa had a case of underutilization of Greenhouses with complete sets of accessories amounting to Nu. 3.495 million. The RAA noted that 45 number of polly houses were lying idle thereby yielding no value for money and benefits to the citizens. (AIN: OAAGPL-2022-445; Obs. No. 8)
- 13. The National Jersey Breeding Centre, Samtse had not surrendered unserviceable or obsolete items worth Nu. 1.995 million to the Department of National Properties. Further, the Center had not recorded the book values of some unserviceable items in the Fixed Assets Register. The RAA recommended for earliest surrender of the said items to the Department of National Properties. (AIN: OAAGPL-2023-14; Obs. No. 1)
- 14. The Thromde Administration, Phuentsholing had not utilized the Bore Well constructed at a cost of Nu. 1.178 million resulting in unfruitful expenditure. The RAA noted that the Bore Well was not taken care of or utilized for over two years. (AIN: OAAGPL-2023-248; Obs. No. 12.2)
- 15. The Gewog Administration, Tading had a case of non-implementation of RWSS activity resulting in non-utilization of HDPE pipes worth Nu. 2.889 million. The RAA noted that besides non-utilization of the pipes, there was no proper storage of the pipes thereby failing in delivering the intended objectives and rendering the expenses wasteful. (AIN: OAAGPL-2022-391; Obs. No. 17.1)
- 16. The Thromde Administration, Phuentsholing had made payment of Nu. 1.989 million on account of hiring charges without appropriate supporting documents. The RAA could not validate the legitimacy of the payment due to missing documents and inconsistent recordings in the log books. (AIN: OAAGPL-2023-248; Obs. No. 13.1)
- 17. The Medical Stores and Distribution Division, Phuentsholing had made an inadmissible payment of TADA amounting to Nu. 0.196 million. The amount included inadmissible payment due to mismatch of travel dates with CPMS records and travel allowance claims, no records of travel in CPMS and inadmissible payment of mileage. (AIN: OAAGPL-2023-315; Obs. No. 2)
- 18. The Dzongkhag Administration, Samtse had made double payment of Nu. 1.087 million in the Construction of Permanent Work of Phuentshopelri to Samtse road. The RAA noted that the Dzongkhag Administration had paid twice for some work items in the construction of the RRM wall. (AIN: OAAGPL-2022-391; Obs. No. 9.1)

- 19. The Gewog Administration, Norgaygang had made an inadmissible payment of Nu. 1.140 million in the Construction of RCC motorable Bridge at Fenchi Khola. The RAA noted that the item of work for which the payment was made was not included either in the BoQ or the estimates. (AIN: OAAGPL-2022-391; Obs. No. 46.2)
- 20. The PCAL, Gomtu had not deducted TDS amounting to Nu. 5.227 million from M/s BuildMate Projects Private Limited, India in the Construction of AAC Blocks Project. The RAA noted that the PCAL had bifurcated the works into two parts which could possibly lead to evasion of tax. The PCAL was recommended to recover the amount as per TDS Guidelines, 2018. (AIN: OAAGPL-2023-151; Obs. No. 2.2)
- 21. The Dzongkhag Administration, Haa had accepted defective works valuing Nu. 1.077 million in the Construction of Permanent Structures for the Khamina to Lumphakha Farm Road. The RAA noted that the work was not executed as per the specifications and was damaged in some parts. The RAA recommended the Dzongkhag Administration to initiate rectification. (AIN: OAAGPL-2022-445; Obs. No. 5.1)
- 22. The Dzongkhag Administration, Zhemgang had a case of wasteful expenditure of Nu.4.110 million in the construction of Abutment and Launching of Bailey Bridge over Bortigang River in Bardho Gewog. The bailey bridge could not be completed as the right abutment was affected by a landslide. The RAA noted that the abutment was constructed on loose soil and near a previous landslide area raising questions on the completeness of the feasibility study. (AIN: OAAGB-2022-408; Obs. No. 19)
- 23. The Dzongkhag Administration, Zhemgang had a case of less deduction of fines and royalties amounting to Nu. 4.607 million on account of boulders extraction for GSB works. The RAA noted that the permits for extraction of GSB for various construction activities were lesser than the actual extractions resulting in under collection of royalty. Besides, there was no coordination between the Dzongkhag Administration and DFO to ascertain the actual quantity extracted and royalty applicable. (AIN: OAAGB-2022-408; Obs. No. 19)
- 24. The Dzongkhag Administration, Zhemgang had a case of short deposit of Security Deposits amounting to Nu. 1.012 million. The RAA noted that the Dzongkhag Administration had not carried out regular reconciliations to avoid such instances. The Administration was recommended to obtain release from DPA and deposit in the Refundable Deposits Account. (AIN: OAAGB-2022-408; Obs. No. 36.2)

- 25. The Dzongkhag Administration, Lhuentse had a case of excess deposit of Nu. 1.438 million into Non-revenue Deposit Account. The excess deposits pertained to deposit works and the Dzongkhag Administration was recommended to reconcile the differences in consultation with Ministry of Finance. (AIN: OAAGB-2022-579; Obs. No. 1.1.1)
- 26. The Dzongkhag Administration, Lhuentse had an idle stock of materials amounting Nu. 1.688 million procured for COVID-19 relief measure. The RAA recommended the Dzongkhag Administration to explore possibilities of utilizing the materials that included blankets, pillows and kitchen items, to ensure that government resources are not wasted. (AIN: OAAGB-2022-579; Obs. No. 11)
- 27. The Dzongkhag Administration, Lhuentse had not deducted the penalty of Nu. 3.420 million on termination of contract of Construction of Permanent Structures for Gewog Center to Chengling farm road. The Contractor, M/s Tacho Construction was terminated for abandoning the work site. The Dzongkhag Administration was recommended to expedite the recovery of the penalty. (AIN: OAAGB-2022-579; Obs. No. 15)
- 28. The Gewog Administration, Khoma, Lhuentse had a case of underutilization of Sangzay Production Unit at Khomagang constructed at a cost of 1.007 million. The RAA noted that the cost of raw materials consumed to produce the incense powder is very high thereby increasing the cost of production and price of the product. The Gewog Administration was recommended to explore possibilities of using the structure and intimate to the RAA. (AIN: OAAGB-2022-579; Obs. No. 19)
- 29. The Gewog Administration Khoma had a case of unjustified grant of time extension and non-levy of liquidated damages amounting to Nu. 1.143 million in the Construction of Permanent Structure for Khoma to Gangla-Khena Farm Road. The contract was awarded to M/s Peldang Construction Pvt. Ltd. and time extension was accorded for shortage of skilled labour and unavailability of spare parts for construction equipment which was found not meriting time extension. (AIN: OAAGB-2022-579; Obs. No. 18)
- 30. The Gewog Administration, Khamdang, Trashiyangtse had not utilized RWSS materials procured at a cost of Nu. 2.399 million. The non-utilization was stated to be due to duplication of the work with the Water Flagship Project. The RAA noted that RWSS materials were issued to Chiwogs as and when required and the materials were stacked near Gewog Office exposing it to the risk of theft/loss and deterioration. (AIN: OAAGSJ-2022-515; Obs. No. 18)
- 31. The Jigme Namgyel Engineering College (JNEC), Deothang, Samdrupjongkhar had made inadmissible payment of TADA amounting to 0.288 million. The RAA

- noted that the travel claim dates and the records with the CPMS did not match resulting in the inadmissible payment. (AIN: OAAGSJ-2023-86; Obs. No. 4)
- 32. The Regional Office of Economic Affairs, Samdrupjongkhar had made inadmissible payment of TADA amounting to Nu. 0.111 million. The RAA noted that the travel claim dates and records with the CPMS did not match resulting in inadmissible payment. (AIN: OAAGSJ-2023-257; Obs. No. 1)
- 33. The Regional Office, Department of Surface Transport, Trashigang had made an inadmissible payment of TADA amounting to Nu. 0.200 million. The RAA noted that the travel claim dates and records with the CPMS did not match resulting in inadmissible payment. (AIN: OAAGSJ-2023-171; Obs. No. 3)
- 34. The Thromde Administration, Samdrupjongkhar had incurred wasteful expenditure amounting to Nu. 7.030 million in the construction of internal road. The RAA noted that the work of Water Supply and Sewer Line Project at the same site had led to dismantling some of the internal road works resulting in wasteful expenditure. (AIN: OAAGSJ-2023-79; Obs. No. 2)
- 35. The Koufuku International Diary Corporation, Trashigang had not realized proceeds from credit sales amounting to Nu. 2.017 million. The RAA noted that the lapses occurred due to absence of a credit policy and proper agreement with the clients on the credit sales. The RAA recommended the settlement of dues besides developing a credit policy to regulate credit sales and collections. (AIN: OAAGSJ-2023-288; Obs. No. 4)
- 36. The Dungkhag Administration, Nganglam, Pemagatshel had not paid the compensation of Nu. 6.475 million pertaining to the Old Nganglam Town Local Area Plan. The release of compensation for structures, fruit trees, fodder trees and others, have been pending for more than two years thereby denying the benefits to identified Thram holders. The Dungkhag Administration was recommended to expedite the payment of the compensation and surrender of the balance funds to DPA. (AIN: OAAGSJ-2022-531; Obs. No. 2.2)
- 37. The Dzongkhag Administration, Samdrupjongkhar had not adjusted the advances paid and penalty on termination amounting to Nu. 1.803 million from M/s DNB Construction, Thimphu. The contract for Construction of Irrigation Channel at Samrang Gewog was terminated due to the failure of the contractor for abandoning the site for more than 18 months. The Dzongkhag Administration was recommended to expedite the recovery of the outstanding liability and deposit into ARA. (AIN: OAAGSJ-2022-511; Obs. No. 18)
- 38. The Dungsam Cement Corporation Limited, Nganglam, Pemagatshel had incurred avoidable loss of Nu. 47.27 million due to alteration in the raw mix. The raw mix recommended by the consulting firm was altered in response to inconsistencies in the parameters of the raw materials leading to impact on the

- quality of final product and sales. The DCCL was recommended to carefully evaluate and assess the alterations to reduce impact on the quality. (AIN: OAAGSJ-2023-11; Obs. No. 1)
- 39. The Dungsam Cement Corporation Limited, Nganglam, Pemagatshel had shortage of spare parts and consumable items amounting to Nu. 2.225 million. The differences were identified in comparison of the physical stock with the stock inventory. The DCCL was recommended to strengthen its internal controls and processes for inventory management to ensure accurate record-keeping. (AIN: OAAGSJ-2023-11; Obs. No. 3)
- 40. The Dungsam Cement Corporation Limited, Nganglam, Pemagatshel had incurred a loss amounting to Nu. 1.063 million due to acceptance of bid rate below book value. The bids for lifting of used equipment and assets were not evaluated consistently leading to a loss of company revenue. (AIN: OAAGSJ-2023-11; Obs. No. 7)
- 41. The Gewog Administration, Drujeygang, Dagana had incurred cost overrun amounting to Nu. 7.166 million due to excess deployment of labourers in the Reconstruction of Pelrigonpa. The estimated requirement of labour man-days and actual deployment suggested that the payment was 477% above the actual requirement indicating poor monitoring and supervision. The Gewog Administration was recommended to seek approval from competent authority for excess deployment of labourers. (AIN: OAAGTS-2022-396; Obs. No. 21.3)
- 42. The Gewog Administration, Drujeygang, Dagana had made excess procurement of materials amounting to Nu. 4.667 million in the reconstruction of Pelrigonpa. The estimated requirements of the materials and actual procurement suggested that materials were procured in excess which pose risk of potential misuse and wastage. The Gewog Administration was recommended to seek approval from competent authority for excess procurement of materials. (AIN: OAAGTS-2022-396; Obs. No. 21.4)
- 43. The Gewog Administration, Drujeygang, Dagana had made excess payment and wrong booking of Nu. 1.223 million to M/s Jamtsho Construction in the Construction of Kitchen-cum-Store and two-unit PF Toilet at Namdrupcholing Lhakhang. The RAA noted that some of the bills were paid from the budget of re-construction of Pelrigonpa. Further, it was noted that actual payment was more than the bill amount. The Gewog Administration was recommended to recover the amount. (AIN: OAAGTS-2022-396; Obs. No. 21.7)
- 44. The Regional Office, Department of Surface Transport, Lobesa had a case of unclaimed Refundable Deposits amounting to Nu. 2.416 million from various contractors and suppliers. The RAA noted that some of the balances pertained to 2014-15 and have remained unclaimed for long period. The Regional Office

- is recommended to expedite the settlement and intimate to the RAA. (AIN: OAAGTS-2022-428; Obs. No. 1)
- 45. The Dzongkhag Administration, Sarpang had made an excess payment of Nu. 1.009 million on account of transportation of construction materials for the RWSS scheme at Khatoed, Jigmecholing under the Water Flagship Program. The Dzongkhag Administration was recommended to recover the amount and deposit into ARA. (AIN: OAAGTS-2022-452; Obs. No. 2)
- 46. The Dzongkhag Administration, Sarpang had not collected royalties, fines and compensation amounting to Nu. 3.626 million from the extraction of GSB materials for various construction activities. The RAA noted that the permits obtained for extraction and the actual use of GSB materials varied in quantity. This variation was not identified during payment for the construction activities, indicating lack of coordination between DFO and Dzongkhag. The RAA recommended for the actual assessment and verification of the GSB materials used and application of the royalty, fines and penalties. (AIN: OAAGTS-2022-452; Obs. No. 3)
- 47. The Dzongkhag Administration, Tsirang had a case of mismatch of fund release as per RP statement and Bank Statement to the tune of Nu. 1.094 million. The RAA noted that the differences were due to transactions in non-revenue accounts. The Dzongkhag Administration was recommended to reconcile the differences. (AIN: OAAGTS-2022-466; Obs. No. 8)
- 48. The Central Regional Referral Hospital, Gelephu had a case of underutilization of funds amounting to Nu. 2.268 million from donation fund. The RAA noted that the CRRH management had not planned the activities properly and identified uses of the fund. The CRRH is recommended to furnish the Fund Utilization Plan to the RAA. (AIN: OAAGTS-2022-602; Obs. No. 3)
- 49. The ORIO Project, Dagana faced a major dilemma for Operation and Maintenance Services of Packages B1, B2 and C1 amounting to Nu. 21.770 million in the Construction of Odalthang-Geserling Secondary National Highway. The contractors had failed to deliver the contractual obligations and are currently under legal proceedings. The recovery of the payments for which contract requirements were not fulfilled are included as part of the case. (AIN: OAAGTS-2023-61; Obs. No. 2, 3 & 4)
- 50. The Department of Air Transport (DoAT), Paro had made an overpayment of Nu. 7.011 million to M/s Penjor Construction in the Re-development and Improvement Works at Paro International Airport. This had occurred due to non-application of price adjustments for items that had deviated beyond 20% as required under the contract. The price adjustment was deemed necessary as the BoQ rates were found to be higher than the prevailing market rates. (AIN: SCID-2023-43; Obs. No. 1)

- 51. The DoAT, Paro had made an overpayment of Nu. 1.426 million to M/s Druk Himalayan Construction Pvt. Ltd. in the Construction of PCC Drain along JJ Peak Road, Dogar Geog. This had occurred due to inadmissible application of 27.99% cost index, incorrect classification of items and short execution of drain works. (AIN: SCID-2023-43; Obs. No. 2.1, 2.2 & 2.3)
- 52. The Secretariat, Dratshang Lhentshog had made payment of Nu. 6.259 million based on photocopied bills in the maintenance works at Kuenga Rabten Lobdra, Trongsa and in meeting various expenses. The lapses had occurred due to a lack controls in verification of the expenditures. (AIN: GGD-2022-168; Obs. No. 6 & 10.1)
- 53. The Secretariat, Dratshang Lhentshog had made a wasteful expenditure of Nu. 3.500 million in the Construction of Retaining Wall at Jaba Yangchen Goenpa, Paro. The RAA found that the major stretch of the retaining wall was washed away during monsoon and failed to meet its intended purpose. (AIN: GGD-2022-168; Obs. No.11)
- 54. The JDWNRH, Thimphu had made an overpayment of Nu. 2.673 million to M/s. Ugyen Tshenden Construction Pvt. Ltd. in the Construction of G+4 Bio-Medical Maintenance and Procurement Office. The overpayment occurred due to release of Running Account bills without deducting rebate. (AIN: SCID-2023-92; Obs. No. 4.1)
- 55. The Department of Revenue and Customs (DRC), MoF had a case of failure in the Development of Bhutan Integrated Taxation System (BITS) for Goods and Service Tax (GST). The Department had incurred expenditure of Nu. 119.111 million in the development of BITS which remains to be completed.

The consultancy work was awarded to Thimphu Tech Park Limited in June 2020 and was subsequently terminated in April 2022 for failure to deliver the system even after several time extensions. The RAA pointed out inadequacies in planning of the project, inadequate assessment of capacity of the consultant and inadequate monitoring and evaluation as some of the reasons for the failure. The Department has not been able to implement GST pending the completion of BITS and the rollout of GST remains deferred indefinitely without any immediate plans to expedite the completion of BITS.

As a part of exercising prudence in spending public resources as one of the principles of public financial management, the RAA insisted the government to demand accountability of those responsible for the failure and waste of resources to such a magnitude. The RAA also sought directives from appropriate authorities to expedite the process of completing the BITS to enable implementation of GST and realize its intended objectives and goals without further delays. (AIN: GGD-2022-444; Obs. No. 1)

- 56. The Dzongkhag Administration, Thimphu including Dungkhag Administration, Lingzhi and Gewog Administrations, Lingzhi and Soe had not settled the unclaimed amount of Nu. 1.194 million held in refundable deposit accounts since FY 2018-19. The budgetary agencies were required to settle such account balances through a notification issued by the Ministry of Finance. (AIN: GGD-2022-464; Obs. No. 1.1)
- 57. The Dzongkhag Administration, Thimphu had a case of underutilization of infrastructure constructed at the cost of Nu. 44.211 million under the Community Based Sangay Shamu Agro-Ecotourism (CBSSA) Project at Geney Zam to promote local tourism and economic growth. The infrastructure included homestays, restaurants, and cultural spaces aimed at generating income for the community. The RAA found that the facilities remained unutilized for over a year and failing to achieve the intended purpose. (AIN: GGD-2022-464; Obs. No. 14)
- 58. The Department of Culture and Dzongkha Development had made an excess payment of Nu. 3.346 million in the acquisition of properties at Taba from a private individual. This had occurred due to inaccurate measurements during valuation by the committee. (AIN: GGD-2022-589; Obs. No. 1.2)
- 59. The Centenary Farmer's Market had not a case of non-functional Ride on Scrubber Cleaning Machine due to missing spare parts like squeegee, brushes, and battery. This situation had persisted since 2019, hindered by the Covid-19 pandemic's impact on spare part procurement. Further, a review of machine usage revealed that it had operated for only 362 hours from September 17, 2014. Thus, the expenditure incurred did not provide value for money. (AIN: RTICD-2023- 261; Obs. No. 2.2)
- 60. The Cabinet Secretariat had made an excess payment of subsidy amounting to Nu. 10.123 million to M/s Samden Vehicle Pvt. Ltd, Thimphu in the procurement of Electric Vehicles under Bhutan Sustainable Low Emission Urban Transport System Project. The RAA noted that the Secretariat had released USD 0.150 million instead of the applicable amount of Nu. 1.501 million. While the amount was recouped, the RAA pointed out deficiencies in the controls. (AIN: GGD-2022-591; Obs. No. 1)
- 61. The Royal Bhutan Police (RBP) had made an excess payment of Nu. 1.277 million to M/s. Gyekden Builders Pvt. Ltd., Thimphu in the Construction of 20 Units of Semi-Permanent Quarters at Chamgang. The excess payment had occurred due to an incorrect computation of price adjustment. (AIN: GGD-2023-116; Obs. No. 2)
- 62. The Drugyal Dzong Conservation Project had not disposed the stock of unused stone boulder worth Nu. 13.127 million calculated based on the average

- wastage of 38.09%. The RAA pointed that the wastage was a result of inferior quality and inappropriate size of the boulders. The RAA recommended for disposal of the unused boulders to salvage its value. (AIN: GGD-2023-46; Obs. No. 1)
- 63. The Dratshang Lhentshog had made an excess payment of Nu. 1.055 million in the Construction of Drupdey at Zhabjaythang which was entrusted to a Working Committee through a Community Contracting Protocol. The lapses had occurred due to less execution of work at site. (AIN: GGD-2023-50; Obs. No. 3.1)
- 64. The National Pension and Provident Fund (NPPF) had a discrepancy of Nu. 2.795 million between audited financial statements and the Pension and Provident Fund Division's Premia System balance. This had affected the reliability and accuracy of net members' contribution in the financial statement as on June 30, 2022. NPPF was asked to initiate reconciliation of the differences. (AIN: COAD-2023-4; Obs. No. 1)
- 65. The National Cottage & Small Industries Development Bank Limited had unreconciled bank balances against BDBL, BNB and BOB as of December 31, 2022. These balances hold considerable importance as they involve clients who have made payments for their loan EMIs. The bank had failed to reconcile the balances due to insufficient data on deposits and transfers, preventing proper crediting of the accounts of the respective clients. The bank was asked to promptly address these disparities and provide the reconciled statements to the RAA for further review. (AIN: COAD-2023-172; Obs. No. 1)
- 66. The Construction Development Corporation Limited (CDCL) had an unreconciled difference in the figures of trade receivables amounting to Nu. 105.329 million between the trade receivables as per the ledger and the system-generated report. The party-wise receivable reports, aging report, and total figures of ERP system were also found to be inaccurate. CDCL was recommended for reconciliation and rectification of discrepancies of the information. (AIN: COAD-2023-186; Obs. No. 3)
- 67. The Dungsam Polymers Limited (DPL) had not maintained proper documentation to explain cost components in the inventory valuation. The value of Finished Goods recorded in SAP as on December 31, 2022 was Nu. 3.021 million when the Net Realizable Value of Finished Goods was Nu.1.307 million. DPL was asked to cross check the issue in the system and arrange rectification from the SAP service provider to streamline the entire inventory valuation process. (AIN: COAD-2023-188; Obs. No. 1)
- 68. The STCBL had unreconciled figure of TDS amounting to Nu. 0.568 million between the figures in the Ledger and the RAMIS report. The discrepancy had resulted in the absence of periodic reconciliations of the accounts. This had

- impact of inflating the advance tax under current assets, preventing credit and overstating balances. The STCBL was asked to promptly address the discrepancies. (AIN: COAD-2023-200; Obs. No. 1)
- 69. The STCBL had unidentified deposits of Nu. 67.191 million as at December 31, 2022. The unidentified deposit amount remained booked under debtor's suspense, not offset against trade receivables due to inadequate information. The lapse had occurred due to not carrying out periodic bank reconciliation, customer communication, and corrective actions in the process of collections. The Corporation was recommended to enhance the identification process in realizing the revenues. (AIN: COAD-2023-200; Obs. No. 3)
- 70. The Kuensel Corporation Limited (KCL) had unadjusted liabilities in the books of accounts amounting to Nu. 4.487 as of December 31, 2021. The Corporation was asked to expedite the adjustment/settlement and update the books of accounts. (AIN: COAD-2022-285; Obs. No. 3)
- 71. The Druk Green Corporation Limited (DGPCL) had long overdue advances aggregating to Nu. 0.809 million lying against BHEL. The advance was paid between the year 2002 to 2007, which related to advances paid to KHP. DGPCL was recommended to expedite the recovery/adjustments of the overdue advances at the earliest. (AIN: COAD-2022-270; Obs. No. 1)
- 72. The PHEP-I had not received materials supplies worth Nu. 129.852 million at different E&M Package sites as per the contract terms. In some cases, RAA found that 80 percent of the Ex-Work value was released based on Material Dispatch Clearance Certificates. The PHEP-I was recommended for revisit of payments made with respect to value of balance materials to be supplied and factual position intimated. (AIN: RTICD-2023-237; Obs. No. 5)
- 73. The PHEP-I had signed Contract Agreement with Bhutan Automation & Engineering Limited for design engineering, manufacture, supply, erection, testing and commissioning of the complete computerized control system and protection system of 1200 MW PHEP-I even before finalizing the decision on the dam or the barrage. The RAA noted that the signing of contract agreement and releasing of Nu. 99.04 million for the above works to Bhutan Automation & Engineering Limited was not proper as the decision is yet to be taken on the option of dam or barrage. (AIN: RTICD-2023-237; Obs. No. 6)
- 74. The PHEP-I had awarded the Contract package MEM-7B to M/s Technico (India) Private Ltd, India for the supply and installation of a fire detection and protection system for underground power house at the cost of Nu. 88.71 million. The delivery of all the equipment at site was to be completed by August 2020 and commissioning of Fire Detection and Protection System and associated equipment was to be completed by January 2021. The RAA noted that the contractor had not mobilized manpower for two years, even though

the contract called for completion by January 2021. The PHEP-I, despite sufficient scope for recovery of the LD amount of Nu. 8.87 million had never pursued for recovery from the bills. Further, the RAA also noted that the Material Receipts Certificate were issued and payment was released to the contractor, without verifying the actual items as to conform to the technical specifications of the contract. (AIN: RTICD-2023-237; Obs. No. 7)

- 75. The PHEP-I had continued the work of construction of Intake Structures until September 2021 despite halting Dam construction works in June 2020 due to geological issues. PHEP-I accordingly had incurred expenditure of Nu. 240.82 million for Intake Structure. The RAA found that the indecision of the Project Authority to instruct Larsen & Turbo to halt Intake Structure works had resulted in additional cost which was not in the interest of the project. (AIN: RTICD-2023-237; Obs. No. 8)
- 76. The Construction Development Corporation Limited (CDCL) had trade receivables of Nu. 203.285 million as of December 31, 2022. Of Nu. 203.285 million, Nu. 42.512 million pertained to previous years and Nu. 160.773 million pertained to the year 2022. CDCL was recommended to expedite the recovery to improve its working capital. (AIN: COAD-2023-186; Obs. No. 5)
- 77. The Natural Resource Development Corporation Limited (NRDCL) had cases of old outstanding debtors involving Nu. 8.219 million which had remained outstanding against various agencies/individuals for more than 500 days as at 31st December 2021. NRDCL was recommended to enhance the follow-up and recovery processes to safeguard from becoming irrecoverable. (AIN: COAD-2022-292; Obs. No. 1)
- 78. The National Housing Development Corporation Limited (NHDCL) had outstanding trade receivables of Nu. 16.446 million as of December 31, 2022. Of Nu. 16.446 million, Nu. 2.428 million pertained to previous years and Nu. 14.018 million pertained to the year 2022. NHDCL was recommended to enhance the follow-up and recovery processes to safeguard from becoming irrecoverable. (AIN: COAD-2023-240; Obs. No. 2)
- 79. The Farm Machinery Corporation Limited, Paro had receivables of Nu. 1.194 million as of December 31, 2021 which pertained to 2020. The RAA also noted absence of Credit Policy in place for regulating the credit sales/services. FMCL was asked to enhance the follow-up and recovery of receivables besides coming up with a proper Credit Policy. (AIN: COAD-2022-311; Obs. No. 1)
- 80. The Zhung Dratshang, Dratshang Lhentshog had made payment of Nu. 3.258 million without adequate supporting documents for the work of printing and publication of various religious texts/scriptures. The RAA noted that the payment was made based on the hand receipt submitted by Sungrab Gupoen even though the actual printing was directly awarded to private printing

houses. Further, it was noted that the payment was made without supply order, bills, cash memos and acknowledgement receipt. The Secretariat was recommended to initiate administrative actions against the individuals for approving the payments without proper supporting documents and verifying the actual delivery of goods. (AIN: GGD-2023-121; Obs. No. 7.1)

- 81. The Zhung Dratshang, Dratshang Lhentshog had made an excess payment of Nu. 0.750 million in the Maintenance of Sungrab Office, Zhung Dratshang executed by working committee of Zhung Dratshang. This had occurred due to the short execution of various items of work. The Zhung Dratshang was recommended to recover the excess amount and deposit it into the ARA. (AIN: GGD-2023-121; Obs. No. 1.1)
- 82. The Department of Engineering Services (DES), MoWHS had made overpayment of Nu. 2.146 million to M/s Progressive Research and Consultancy Service (PRCS), Thimphu for the consultancy services provided for Urban Infrastructure Project (BHU 2816). The overpayment occurred due to mismatch between mandays paid for and the actual input recorded in the timesheet. The DES was recommended to recover the amount and deposit into ARA. (AIN: SCID-2022-417; Obs. No. 1)
- 83. The Department of Roads (DoR), MoWHS had booked expenditure of Nu. 1.250 million and retained under the closed work account during the FY 2021-2022. The amount booked under the closed work account pertained to procurement of Distometer in the Office. The DoR had retendered the procurement, as the initial supplier had failed to supply. It was noted that even the new supplier had not supplied the equipment within the financial year. The amount was retained under the closed work account to avoid lapse of balance budget at the end of the FY. (AIN: SCID-2023-68; Obs. No. 2)
- 84. The Bhutan Narcotic Control Authority (BNCA) had made payment of Nu. 0.226 million without supporting documents on account of monthly rental charges and utility bills during the nationwide lockdown. The lapses had occurred due to a lack of proper supervisory control, and adequate checks and balances in the system in maintaining proper documentation and records. The BNCA was recommended to produce supporting documents for review failing which recovery of the equivalent amount to be initiated. (AIN: SCID-2022-493; Obs. No. 1)
- 85. The Mangdechhu Hydropower Plant (MHP), Trongsa had a case of significant excess procurement of 10mm Chequered plate and ISMB, NPB 300 X 150 mm and ISMB, NPB 300 X 150 mm for mezzanine floors at two levels, amounting to Nu. 4.169 million in the Construction of E&M Store. The RAA recommended MHP to hold the engineer accountable for the incorrect estimations, which caused excessive procurement and financial blockages. (AIN: RTICD-2023-259; Obs. No. 1.1)

- 86. The National Credit Guarantee Scheme Fund (NCGSF) fell significantly short of its target as of August 31, 2022. The RAA noted that it had only provided guarantees totaling to Nu. 552.21 million, which is just 35% of the targeted Nu. 1,600 million. In terms of supporting businesses, NCGSF approved 212 projects out of the intended 300, achieving approximately 70% of the goal. However, regarding job creation, it fell far short of its target of 10,000 jobs, achieving only around 18% based on two years of operations. The RAA recommended for consideration of appropriate strategic interventions and a complete evaluation of the schemes as to reinforce its strategies to attain the targets. (AIN: COAD-2023-273; Obs. No. 1 a, b & c)
- 87. The Construction Development Corporation Limited (CDCL) had a case where the PIU had failed to take over the prefab structures and equipment worth Nu. 66.392 million from the contractor in the Phuentsholing Township Development Project (PTDP). The RAA found that the contractor, instead of handing over these structures and equipment to the project, had sold these structures and equipment to another contractor M/s Rigsar Construction Pvt. Ltd (CW-02 contractor) for Nu. 10.407 million. The PIU, PTDP was recommended to exercise prudence and ensure proper safeguards in such circumstances besides accounting the value of salvaged properties into project account. (AIN: COAD-2023-48; Obs. No. 4)
- 88. The Cabinet Secretariat had adjusted Nu. 4.000 million against the then Opposition Leader Dr. Pema Gyamtsho on account of the establishment of Wobthang Organic Farm, Bumthang initiated in 2020. However, the Royal Audit Authority (RAA) identified numerous deficiencies in the project's conceptualization and operation. These shortcomings encompassed the absence of operational guidelines, lack of performance measures, absence of sustainability planning, unclear ownership, absence of specified rules on the eligibility of the government grant, no oversight and monitoring mechanisms, unclear staff salary, and labor payment records. Above all, total absence of government agency accountability for the government fund. These issues raised transparency and effectiveness concerns, hindering the assessment of the project's value for money. (AIN: GGD-2022-569; Obs. No. 3)

4. PERFORMANCE AUDIT REPORTS

During the FY 2022-23, the RAA issued three performance audit reports namely; Performance Audit Reports on Irrigation Systems, Cyber Security and Operations and Management of Thimphu Thromde. The two Performance Audit Reports on Irrigation Systems and Cyber Security were tabled during the 8th and 9th Session of the Third Parliament respectively and are available on the RAA website. The Performance Audit on Operations and Management of Thimphu Thromde was issued on 17 April 2023. The audit was carried out covering the FY 2018-2020 with the following objectives:

- 1. To assess the efficiency and effectiveness in the management systems and processes in the operation of Thimphu Thromde; and
- 2. To assess the efficiency and effectiveness in providing services to Thromde residents.

The summary of significant findings is as below:

- 1. The recruitment of employees was not regulated as per the 12th FYP staffing strength and the transfer of employees were not effected based on criteria for transfer. There were also inadequacies in monitoring and supervision of attendance of field employees;
- 2. The RAA noted inadequacies in budgeting and financial management including revenue management systems undermining sustainability, prudence and efficiency. Cases of misuse of revenue amounting to Nu. 7.99 million were observed besides delays in deposits of revenue attracting a penalty of Nu. 5.36 million;
- 3. The Revenue Management System of Thromde lacked appropriate controls resulting in inconsistent data like incomplete tax payers database, inconsistent land records, tax obligations and actual collections etc. undermining the integrity of the system;
- 4. There were instances of non-compliances to the directives of the Ministry of Finance in regulating the acquisition of vehicles and inadequacies in the controls in management of the fleet of pool vehicles;
- 5. The RAA observed non-enforcement of the Workforce Rules and Regulations 2020, inadequacies in planning and monitoring of overtime work and payments and some shortcomings in complying to occupational safety requirements;
- 6. Service delivery of the Thromde were found to be affected due to inadequacies in monitoring and evaluation, coordination between relevant divisions and

sections and customer care and complaints redressal system. RAA's review of some of the services delivered showed opportunities for improvement in terms of meeting prescribed TATs;

- 7. Thromde has not been able to address substantial non-revenue water entailing a huge revenue loss of about 14.09 million based on the current production capacity. Lack of comprehensive data on households, standardized water pipeline, unregulated water tapping sources etc. pose challenge to efficient water management and revenue collection;
- 8. In managing the waste, the RAA noted issues of exhausted capacity of current landfill sites, unscientific waste disposal practices, lack of infrastructure and diffusion of responsibility in managing the waste;
- 9. There were instances of short collection of revenues in the form of concessionary fees from the two Multi-level Car Parking and outstanding revenues receivable from the parties; and
- 10. The RAA noted inadequacies in planning and prioritization of infrastructure development impacting the delivery of services and issues of quality of the infrastructures developed.

Based on the aforementioned audit findings, the RAA provided thirteen recommendations to initiate corrective actions as follows:

- > Thimphu Thromde should Strengthen its Human Resource Development and Management;
- ➤ Thimphu Thromde should improve internal control systems in managing its revenues;
- ➤ Thromde should ensure reconciliations of differences of revenues and receipts as reflected under specific Observations;
- ➤ Thromde should restitute the total amount of Nu. 45.08 million on account revenue loss due to misuse, the penalty for the late deposit, outstanding concessionaire fee, and outstanding revenue;
- Thromde should improve its service delivery through clear SOPs and TATs;
- > Thimphu Thromde should work towards reducing Non-Revenue Water;
- > Thimphu Thromde should maintain a comprehensive inventory of sewerage connections of buildings and houses;

- ➤ Infrastructure Development and Maintenance Services must be strengthened with robust monitoring and supervision in place;
- ➤ Waste Management in/by Thimphu Thromde needs to be strengthened in collaboration with the Waste Management Authorities and Private Waste Management Firms;
- > Strict enforcement of rules and regulations must be ensured by Thimphu Thromde on illegal structures and illegal encroachment of State land;
- > IT systems need to be integrated and ensure proper controls to enhance data integrity and consistency besides cleaning the data in the systems;
- > Thimphu Thromde should improve the on-street and off-street vehicle parking regulation and management; and
- ➤ Thimphu Thromde should institute controls for managing its vehicles.

5. CONCLUSION

The RAA had issued unmodified (clean) opinion on the Annual Financial Statement of the Royal Government of Bhutan for the FY 2022-2023. Starting from FY 2022-23, the AFS was prepared based on IPSAS Cash Basis and accordingly, the RAA certified the AFS using the standards and principles applicable.

The construction and procurement continue to be vulnerable areas for irregularities and lapses. The issues reported are recurrence of same lapses and irregularities indicating a persistent issue or weakness in internal controls, processes and procedures in the operations of the audited agencies. It suggests that the agencies are yet to effectively remedy the deficiencies. Unless the agencies address the underlying causes and take corrective actions, lapses and irregularities are bound to recur.

The RAA in a bid to reinforce culture of accountability in the public sector, had reinforced its strategies of seeking actions on audit issues raised in its report. To that effect, two public notifications were issued on 7th October 2021 and 21st July 2022, persuading those charged with public responsibilities to foster culture of financial propriety, performance and compliance in the performance of the jobs. Any unexplained deviations that are included in the audit reports demand actions of individuals/agencies for restitutions, sanctions and corrections. The RAA has been persistent in seeking those actions for each of the irregularities reported and constantly conducts follow-ups to ensure that agencies/individuals address the audit recommendations. The RAA earnestly believes that promoting good governance is a collective effort and to a large extent, depends on cooperation of the public agencies and individuals in supporting RAA's strategies in terms of positively responding to the audit recommendations. During the year, 194 agencies were yet to take actions for restitutions and corrective actions while 44 agencies were yet to take actions on sanctions. Additionally, the implementation of Financial and Compliance Audits Recommendations stood at 50% and 41% of the Performance Audit Recommendations were implemented.

Based on the nature of issues and its possible causes, the RAA developed a total of seven recommendations aimed at better governance. The agencies and authorities should be obliged to act upon each of these recommendations as applicable to ensure that deficiencies identified are remedied and performance of agencies are improved. Further, with reinforcement of strategies to enhance accountability through persistent efforts and rigorous follow up mechanisms to demand actions for treatment, sanctions and correction, the RAA expects to add impetus to improve the overall governance in the public sector.

6. RECOMMENDATIONS

1. Need to expedite the enforcement of court verdicts on audit irregularities prosecuted by the respective agencies in the court of law.

When audit findings become a contention for the agencies and individuals, these are usually settled through court. Overtime, many audit issues have resulted in the settlement through the court. However, there are significant number of cases which are pending settlement even after the court verdicts are passed. This is due to inaction of relevant agencies in initiating enforcement of the court verdicts.

As on 30th September 2023, there were 64 cases awaiting enforcement. The deferment of enforcement of verdicts provides opportunity to evade accountability and escape consequences of the actions of individuals. Further, there is a diffusion of responsibility amongst relevant agencies in initiating enforcement of court verdicts pertaining to audit irregularities referred to adjudication. Hence, it results in piling up of unresolved issues awaiting settlement.

Therefore, there is a need to expedite the enforcement of court verdicts on the audit irregularities prosecuted by the respective agencies to uphold the rule of law and dispense justice.

2. Need to reinforce controls in regulating traveling and daily subsistence allowance

During the year, the RAA made substantial recoveries due to inadmissible claims of travelling and daily subsistence allowances made by the officials across most agencies. The issues of inadmissible claims surfaced on corroboration of travel information of officials maintained in the Check Post Management System (CPMS). The corroboration of information was resorted to as an additional audit procedure. Such issues of potentially fraudulent or inappropriate travel claims would not be detected if RAA confined its review to mere documents made available by the agencies. Those documents invariably appear to be proper and in order as attested by the approving authorities. The detection of such claims indicated the culture of rationalizing claims made in deviation from the extant norms and entitlements, which drain out public resources.

In order to address the issue of irregular travel claims, the heads of agencies on whom the responsibility of exercising prudence is placed in regulating claims, should reinforce control measures to improve detection, deterrence, and prevention and be tasked to ensure a culture of compliance and accountability within respective agencies.

3. Need for an enhanced collaboration and coordination between Forestry Sector and executing agencies for collection of royalties on extraction and utilization of boulders in the construction of roads

The RAA noted instances of under-collection of royalty across Dzongkhags on the extraction and use of boulders for laying Granular Sub Base (GSB) in the construction of roads. The existing modality of paying royalty is based on the declared quantity of boulder extraction by the contractors involved in the constructions, which are often understated. There is no formalized system of coordination in the collection of royalty between the executing agencies especially the Dzongkhags and Gewogs, and the Divisional Forest Offices to regulate the collection of royalties based on the actual quantity of boulders extracted. As a result, the government loses substantial amount of revenues.

In order to ensure that the correct amount of royalties is collected based on the actual quantity of natural resources extracted, there is a need for collaboration of executing agencies and the forest offices in the Dzongkhags. The information shared would enable agencies to keep tab on actual quantity extracted/used based on which royalty collection can be regulated.

4. Need to review the practices of assigning deposit works to line agencies and identifying spillover activities during budget preparation.

RAA noted persistent issues arising from deposit works and spillover activities executed by the budgetary agencies. The Ministry of Finance needs to undertake specific review of the current practices and initiate improvements as discussed below:

- 4.1 The RAA noted that when unplanned and adhoc works are entrusted during the year, the executing agencies face disruption in the implementation of the planned works. When works cannot be completed due to competing priorities as well as constrained resources, such works are deferred beyond the Financial Year and the agencies invariably resort to booking the expenditure under Closed Work Accounts. This constitutes violation to Finance and Accounting norms, which are common issues across the executing agencies. Further, it poses risk of compromising the quality of both the planned and unplanned works. Thus, in order to ensure efficient allocation of resources and proper execution of works there is need to limit unplanned deposit works to the executing agencies.
- 4.2 The RAA observed tendencies among the budgetary bodies to limit the number of spillover activities at the time of preparing the budget for the new financial year. Even if the agencies were aware that the activities would not be completed within the current financial year, those activities were not identified as spillover works for fear of negative impact on their

budget in the subsequent year. Most of such works were invariably booked under the Closed Works Accounts, and shown as completed by booking the final payments. Such practice not only tantamount to fraudulent practices and violation of accounting norms but also poses challenges of ensuring accountability for quality, completion and settlement of claims related to these works. Therefore, in order to curtail the abuse of "Closed Work" provision and ensure correct reporting of expenditure and proper trail of expenditure and outcome, there is a need for the Ministry of Finance to review the current arrangement of identifying spillover activities based on progress of the activities.

5. Need for improved governance in the project management specifically through a robust monitoring and evaluation system

Having in place a robust Monitoring and Evaluation System is quintessential for every government investment projects for effective project management, transparency and accountability and achieving intended outcomes and impact commensurate with the value of investment made. The RAA noted instances where project deliverables were not achieved despite the huge investments made and were even at the risk of losing trail of public spending.

The development of Bhutan Integrated Taxation System (BITS) is one example where project outputs were not delivered even after spending substantial public resources. The project lacked a robust M&E system resulting in failure to ensure that the project is on track to realize its objectives. Since the development of BITS could not be completed, the implementation of GST has been deferred indefinitely. The RAA was not able to provide assurance on the expenditure incurred on the project.

In the case of the National Credit Guarantee Scheme (NCGS), the government intended to provide credit guarantee of Nu. 1,600 million to spur economic development and job creation. The Scheme could achieve 35% of the targeted guarantees and only 18% of employment generation during its two years of operations. Based on its importance, the government should have focused on ensuring that the Scheme was on track to achieve envisaged outcomes through continuous monitoring and evaluation.

Thus, in order to enable the government to achieve intended goals and objectives and also ensure efficient utilization of public resources, there is a need for internalizing the practice of robust M&E system and making it a mandatory component in every government project.

6. Need to consolidate all CD accounts operated by budgetary agencies

The Ministry of Finance has taken the initiative of consolidating CD accounts maintained by the budgetary bodies with effect from 31st July 2023. Besides, bringing all CD accounts under the umbrella of Government Financial System, the operation of the CD accounts by the budgetary agencies is expected to be streamlined to a great extent with the Standard Operating Procedures issued for implementation. In the face of various inconsistencies in the operation of CD accounts across budgetary agencies, such reform was long awaited for the improvement of the PFMS in the country.

As per the records, only 13 CD Accounts have been consolidated out of 282 CD Accounts operated by the agencies. The consolidations are done based on the discussion with the agencies in the context of legislation and relevant authorities governing the operation of the respective agencies.

In order to realize the reform objectives, the Ministry need to resort to blanket application of this reform without exceptions to bring about improved cash management as well as enhancing transparency in the use of public funds.

7. Need for consistent and strict enforcement of entitlement of designated vehicles as per Pay Revision Act 2023

The Pay Revision Act 2023 prescribes entitlements of designated vehicles based on the positions held by civil and public servants, including specifications of engine capacity for each level. Rather than the law, it is the enforcement that matters. The RAA noted various inconsistencies in the process of allotting vehicles to officials raising concerns on adherence to entitlements of the Act. Everybody knows that across the government, this law has not been enforced strictly and yet nobody is held accountable for this. Privileges of vehicle entitlement are extended to those not entitled (PMC and Specialists) while some of those entitled were not granted the rightful entitlement.

These issues primarily emanate from the absence of standard procedures for allotment and laxity on the part of the head of the agencies and the Government as a whole in enforcing the entitlements. There is an apparent absence of controls leading to distortion of parity, incorrect allotments and misuse.

Further, with the recent initiative of the Royal Government to promote use of electric vehicles in government offices, the issue of allotment is further exacerbated in the absence of standard allotment procedures. Electric cars were provided in addition to designated vehicles and there is no rule on the allotment of electric cars.

The RAA also noted that there is no designated authority entrusted with the responsibility of authorizing allotments of vehicles including electric cars unlike in

the case of the pool vehicles for which the designated authority is the Ministry of Finance as per the Property Management Manual.

Thus, it is imperative that the designated vehicle rules are strictly enforced as per the entitlements specified in the Pay Revision Act 2023 through a standard allotment process and identify a designated authority to uphold the principles of compliance, equity and efficiency within the government agencies. Besides, there is also a need to have proper rules on the entitlement, allotment and use of electric cars.

7.2. Audit Impact in FY 2022-2023

The RAA is dedicated to delivering value and benefits to citizens through rigorous auditing and reporting efforts, aligned with INTOSAI P-12. A key strategic goal in our 2020-25 Plan is "Improved public sector accountability and performance," highlighting our commitment to driving positive changes.

Our audits play a crucial role in ensuring accurate financial statements, promoting transparency, enhancing compliance, and improving public sector performance, which ultimately lead to better governance, accountability, and service delivery. Achieving these outcomes requires collaboration with diverse stakeholders, including audited entities, to implement audit recommendations effectively.

Our impact extends well beyond financial recoveries and encompasses a range of positive changes, including policy shifts, strengthened institutional systems, substantial cost savings, operational improvements, and enhanced accountability. While the full extent of our long-term impact will become more apparent over time, we have already achieved significant strides, such as government cost savings and the promotion of accountability and ethics within the public sector.

As we move forward, our commitment remains unwavering, and we pledge to uphold the highest standards of auditing while actively contributing to a transparent and accountable public sector. We seek collaboration from audited entities to implement audit recommendations, envisioning lasting transformation and trust in our nation's governance. Together, we are forging a future where ownership and accountability become intrinsic, benefiting our cherished citizens and aligning with His Majesty's vision for a *Developed Bhutan*.

This section highlights tangible outcomes achieved during FY 2022-2023, serving as a testament to our dedication to transparency, accountability, and governance excellence which is corroborated by our survey which was administered to all our audited entities. These audit impacts exemplify our role as a catalyst in creating a better environment for our citizens and providing value and benefits to the nation.

7.3. Key Strategies and Interventions Undertaken During the Year

1. Restructuring Organization Structure

With the completion of transformation initiative in the RGOB, the RAA also made strides in restructuring its organization. The RAA lifted one department, merged two divisions and aligned its auditing divisions to the government clusters. The accounts of the RAA was centralized from five accounts to one and reduced finance and accounts personnel requirement to three from seven. The restructuring efforts are intended to increase efficiency and effectiveness in audit and assurance services and at reducing the operational cost to the government.

2. Enhanced operations

The RAA initiated consolidated audits of Dzongkhags & Gewogs and Royal Bhutan Police to improve effective utilization of audit resources and providing holistic assurance without negatively impacting on the quality of audit and assurance services.

The RAA also reduced its audit costs through institution of a dedicated audit planning schedule in the months of January and July. Collective planning and discussion of the challenges faced in implementation of the audit plans are also addressed besides bringing consistency in audit practices and issues raised.

3. Rigorous follow-up and review meetings

Besides the regular follow-up of the audit issues by the Follow-up and Legal Service Division in the headquarter and follow-up section in the regions, the RAA, led by the Auditor General, conducted rigorous follow-up and review meetings with the agencies on long pending audit issues. It was aimed to resolve these issues, seeking actions on unresolved issues, ensure corrective measures and enhance understandings and reduce mis-conceptions.

4. Capacity Development

In its efforts to enhance professionalism, knowledge and skills of the auditors, the RAA regularly conducts in-house trainings and participates in external trainings. During the year, the RAA conducted 14 training programs designed and developed in-house to improve audit capacities, practices and reports and trained 233 auditors. There were also two induction programs conducted to new recruits to ease them into the profession of auditing. Besides training on audit procedures and practices, the RAA also regularly conducts trainings on areas of ethics, integrity, code of conduct, etc. These areas are equally important in delivering on the constitutional mandate of

'auditing and reporting on the economy, efficiency and effectiveness in the use of public resources' and in maintaining independence and objectivity in auditing. The RAA also participated in two audit trainings delivered by experts from Singapore Consultancy on Financial Audit and IT Audit in the months of June and July 2022 respectively.

5. Participation in Sustainable Performance Audit Practices

The RAA is participating in a project funded by the ADB with technical assistance from the IDI on "Sustainable Audit Practices in Asia and the Pacific". The project aims to improve performance practices in the region and make them sustainable. Bhutan is one of the six nations participating in the project and Phase-I of the project on identification of gaps and needs has been completed. The Phase II of the project will ensure addressing the gaps identified in Phase I and raise the profile of performance auditing to ensure that the value and benefits of the SAI are reaped to the maximum.

7.4. Challenges

1. High Attrition Rate

The year 2022-23 saw over 53 personnel resigning from the Royal Audit Authority on a voluntary basis. The attrition rate has seen a dramatic increase over the past few years and 48 of the employees were below the age of 50 years. In total, 64 individuals left the organization representing 21.92% of the workforce. Such a high attrition rate has impacted on the overall coverage of audit functions besides impacting the quality of output as Professional and Management group were the maximum to leave at 25.95% of the total staff within that group.

2. Resources constraints

The RAA has a severe constraint in resources. The RAA does not have adequate certified accountants, budgets to ensure coverage and international collaborations and meetings. Additionally, the RAA is having difficulties in securing funds for the development of the professional capacities of its staff.

3. Responsibility and Accountability

Another challenge the RAA is ensuring that agencies and officials take responsibility and accountability for the actions taken. Officials and agencies shy away from taking responsibility and thereby corrective actions are often not prioritized leading numerous instances of irregularities and non-compliances. Moreover, the RAA also faces difficulties in securing information and data to conduct comprehensive and detailed study of the issues facing the agency.

7.5.

Other Matters

1. Audit issues remaining unresolved after court verdicts

As on 30^{th} June 2023, 64 cases were pending as unresolved even after the issuance of verdict by the Royal Court of Justice.

2. Audit Issues forwarded to Anti-Corruption Commission

In line with Section 34(7) of the Audit Act of Bhutan 2018, the RAA forwarded nine audit reports containing 58 audit findings to the Anti-Corruption Commission that strongly indicated the existence of fraud and corruption during the period.

3. Issues received from Anti-Corruption Commission

During the year 2022-23, the RAA also received eight cases from the ACC for verification.

8. AUDITED REPORT OF ROYAL AUDIT AUTHORITY

The Financial Statement of the Royal Audit Authority was audited by Dechok and Associates Pvt. Ltd. for the FY 2022-23 empaneled with the RAA. The audit report is reproduced herewith:

Dechok & Associates Private Limited Accounting, Auditing and Tax Services Thimphu : Bhutan

AUDITORS' REPORT ON THE ACCOUNTS AND OPERATIONS OF ROYAL AUDIT AUTHORITY FOR THE FINANCIAL YEAR ENDED 30th JUNE 2023,

Opinion

We have audited the accompanying financial statements of Royal Audit Authority (RAA) which comprises Receipts and Payments Statement (LC Account No. LC-110.01) and schedules forming part of the financial statements for the year ended 30th June 2023.

In our opinion, the financial statements are prepared, in all material respects, in accordance with the Financial Rules and Regulations 2016 (FRR 2016).

Basis for Opinion

We conducted our audit in accordance with International Standards of Supreme Audit Institutions. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of Financial Statement section of our report. We are independent of the RAA's management, in accordance with the ethical requirements that are relevant to our audit of the financial statements in Bhutan, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

We have visited the Bumthang RAA Regional Office and conducted the audit of Audit Recoveries Account. We placed reliance on the work of internal audit for other regions not visited by us.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

RAA's management is responsible for preparation and fair presentation of these financial statements in accordance with the FRR 2016 and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Those charged with governance are responsible for over seeing the RAA strangiar reporting process.

Auditor's Responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatements, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of audit in accordance with ISSAIs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Royal Audit Authority's internal control.

We communicate with the management, among others, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during the audit.
