CORPORATE SOCIAL RESPONSIBILITY (CSR)

Our firm is deeply committed to corporate social responsibility (CSR) and believes in making a positive impact on society and the environment. We recognize our role in fostering community well-being and sustainability, and we actively engage in initiatives that reflect our values. One of our significant CSR initiatives is our support for a gaushala dedicated to the welfare of animals, especially cows.

CSR Initiatives

- **Support for Gaushala:** Our firm has taken a proactive approach to support a local gaushala (cow

shelter), which serves as a sanctuary for abandoned, injured, and old cows. By providing financial assistance and resources, we aim to ensure that these animals receive the care and attention they deserve. This initiative not only addresses the plight of left-out animals but also promotes compassion and empathy within our community.

- **Benefits to Left-Out Animals:** The gaushala plays a crucial role in rescuing and rehabilitating cows that are neglected or in need of care. Our contributions help provide food, shelter, and medical treatment to these animals, ensuring their well-being. We believe that every living being deserves a chance at a dignified life, and our support for the gaushala reflects this commitment.
- **Community Involvement:** We actively encourage our employees to participate in volunteer activities at

the gaushala. This involvement not only fosters a sense of community among our staff but also raises awareness about animal welfare issues. Our team regularly engages in activities such as feeding the cows, assisting with maintenance, and participating in educational programs aimed at promoting responsible animal care.

- **Sustainability Efforts:** Supporting the gaushala aligns with our broader sustainability goals. By contributing to animal welfare, we are also promoting ecological balance and biodiversity. The gaushala contributes to sustainable

agriculture practices, as cow dung can be used as organic fertilizer, promoting healthier soil and crops.

- **Contributions to Society:** Our firm recognizes the importance of contributing to society at large. By supporting the gaushala, we aim to inspire others in the community to take action towards animal welfare. We also work to raise awareness about the importance of protecting and caring for animals, contributing to a culture of compassion and responsibility.
